Q. NEW PHYSICIAN RISK MANAGEMENT DISCOUNT AGREEMENT AND AUTHORIZATION:

A. FIRST YEAR RISK MANAGEMENT DISCOUNT

(Physicians that are subject to experience rating / schedule rating are not eligible for this discount.)

Initial here
if applicable

I am beginning my first year of practice since the completion of my medical training, and I agree to qualify for a 25% first year premium reduction subject to a maximum \$2,000 premium reduction by completing the SC JUA/PCF Risk Management Program sponsored by the SCHA during my first year of practice. This discount is in the form of an endorsement with a return premium credit issued upon completion of the SC JUA/PCF Risk Management program sponsored by the South Carolina Hospital Association. Please contact the SC JUA to obtain further information regarding when the risk management seminars will be held: 864-240-5449.

B. I hereby represent that I have no knowledge of any professional liability suit or stated demand for damages which has been asserted against me, or of any occurrence or circumstance likely to result in such a suit or demand for damages, except as described herein.

C. It is important to understand the difference between Occurrence Coverage and Claims-Made coverage.

1. Occurrence Coverage:

Initial here

I understand that occurrence coverage will respond to incidents that occur during the policy period without any consideration for the date a claim is filed with the insurance company.

2. Claims-Made Coverage:

Initial here

I understand that claims-made coverage will respond to incidents that take place on or after the prior acts date ("retroactive date") of the policy and which are reported to the insurance company during the policy period. Claims-made coverage involves a step process with the premium increases over the first five years of coverage following the retroactive date in increments proportional to the claims reporting for that experience. The initial premium and subsequent years' premium are lower than an occurrence policy. However, as of the fifth year the claims made premium reaches a mature level and premium adjustments are based on annual rate changes only. If coverage is discontinued, a Reporting Endorsement ("Tail Coverage") must be purchased to provide coverage for claims which may have occurred but have not yet been reported.
